Just 6 Minutes a Day

Say **YES** to easy wound care with just 6 minutes a day. It's that easy! Aloe Advantage is so confident in their products they challenge you to say **YES** to the 3 STEP CHALLENGE!

Aloe Advantage promises that in four weeks or less, **YES**, you'll see optimal healing success, **YES**, you'll be amazed at how easy it is, **YES**, your horse will love the soothing relief, or get a **FULL** refund!

All you need to do is cleanse, treat, restore. Up to 3 steps, 3 minutes, twice a day - that's all it takes. The Aloe Advantage 3-Step Wound Care System creates the ideal healing environment, developed by chemists to create effective wound care without a lot of fuss. We could go on - but it's the results that will convince you- when after a week or so on the Aloe Advantage 3 Step System you find yourself amazed that your horse's wounds are healing so well, and thrilled at how accepting your horse is.

Step 1 is to cleanse the wound; no rinsing required and the Aloe Advantage Cleanser is tissue friendly.

Step 2 is to treat the wound; the spray-on GEL clings to the wound while the formula helps to provide infection protection.

Step 3 is to restore the wound; the crème forms an invisible bandage while helping provide anti-inflammatory support.

Say **YES** to easy wound care and take the Aloe Advantage 3 Step Challenge today!
